2. The difference of 15·12 square miles between the figures for the areas of the Kolar District and Kolar Gold Fields shown here and those shown in Table I of 1911 is due to 80 villages of the Kolar Gold Fields Sanitary Board area which were taken as part of the Kolar District in the Census of 1911 having now been included in the Kolar Gold Fields (City) area.

3. Statistics of population by Taluks will be found in Provincial Tables I and II at the end of the Volume.

2. The Table is divided into 7 parts.

Part I—Provincial summary of establishments classified according to (1) the strength and nature of each and (2) whether power is used or not.

„ II—Distribution of Industries by Districts.

„ III—Establishments classified according to the class of Owners and Managers.

## MYSORE CENSUS, 1921.

### PROVINCIAL TABLE I.—Area and Population of Cities and Taluks.

---

NOTE.—This Table and the next (Provincial Tables I and II) present a few of the main statistics such as Population, Density, Literacy, etc., for the State by Taluks which are treated as units for these and other Tables compiled for use within the State, as distinguished from the Imperial Tables which are meant for general use and for the purposes of which the District or City is treated as a unit. For other Tables compiled for Provincial use Part IV of the Report should be consulted. Each City is treated as a unit in these Tables.

2. The area figures of Cities and Taluks in column 2 of this Table have been taken from Provincial Table I of the Census of 1911, except in the case of the Bowringpet Taluk and Kolar Gold Fields (City) where the area has been adjusted on account of the inclusion in the latter in this Census of 80 villages which in the Census of 1911 were included in the Bowringpet Taluk.
